

Position Description

Controller (Riverside, Missouri)

Join and help build [Orange EV](#), a young, fast-growing manufacturer that's become an industry leader, building industrial-strength electric vehicles that are better for the earth, people and bottom line. Orange EV's T-Series pure-electric terminal truck (aka hostler, spotter, yard tractor, etc.) is the first commercially deployed electric truck of its type, doing the same job as diesels while eliminating the diesel fuel and emissions. As Orange EV grows, early team members will be favorably positioned to grow into higher levels of responsibility.

Position Summary

The Controller reports to the CEO and is responsible for managing and overseeing the accounting function, including the accounts receivable, accounts payable, and payroll processes. This position may work with a third party partner to prepare and submit tax submissions and GAAP financial statements. The incumbent will generate cash flow forecast models based on historical results and management expectations. This position may hire and lead a small team of accounts receivable and accounts payable clerks.

Position Qualifications

- Bachelor degree in Accounting and at least 5 years of experience in an accounting / bookkeeping role.
- Experience in running an accounting system, A/R process, and A/P process.
- Ability to lead a small team of A/P and A/R clerks.
- Ability to be subject matter expert regarding sales and income tax submissions and development of GAAP financial statements.
- Proven experience in working with 3rd parties to provide tax submissions and GAAP financials.
- Ability to generate cash flow forecast models based upon historical results and management expectations.

Ideal Candidates May Also Have

- CPA
- Experience implementing accounting, A/P and A/R in an ERP system
- Experience within a manufacturing environment
- Knowledge of valuation approaches
