

ORANGE EV RIDE & DRIVE

Please join us!

*Orange EV Pure Electric Terminal Trucks:
Trusted, proven, and preferred.*

Orange EV has once again expanded to meet sharply growing demand. Join us at our new headquarters to see the production facility and learn about Orange EV's industry-leading electric terminal trucks.

Drop in between 10am and 3pm on Friday December 6th to get a comprehensive overview of the Orange EV T-Series, run through a total cost of ownership (TCO) analysis, learn about grants and incentives that will reduce capital outlay, and drive an Orange EV pure electric truck to experience the difference for yourself.

You have questions; we have answers. Commercially deployed since 2015, Orange EV has already been chosen by more than 60 fleets in 14 states to replace problematic diesels. Find out how your fleet can benefit from safer, more reliable trucks that save you money on fuel, maintenance, and emission control.

December 6 • 10am - 3pm

@ Orange EV HQ • 5710 NW 41st St, Riverside, MO

RSVP to Join Us

RSVP to: MikeS@OrangeEV.com

*Looking forward
to seeing you there!*
