

Position Announcement

Financial Analyst (Kansas City, MO)

Join and help build [Orange EV](#), a young, fast-growing manufacturer of electric vehicles that are better for the earth, people and bottom line.

Position Summary

The Financial Analyst's responsibilities include tracking a company's financial performance, analyzing new growth plans, and market conditions, to create forecasts and analyses to help senior management make tactical and strategic decisions. To be successful in this role you must thrive in a fast paced team atmosphere.

Position Responsibilities

- Become a subject matter expert in the EV industry conducting research and analyzing trends
- Work closely with talented, experienced, dedicated professionals, including senior officers, who will give you broad exposure and increasing levels of responsibility
- Develop forecasts and analyses for company's business development and growth initiatives
- Help develop and maintain company forecast model, annual budget, and reporting packages
- Analyze revenue and cost drivers to enhance company profitability
- Create reports and analyze data on a monthly, quarterly and annual basis providing data to company leadership
- Support the financial planning process, including budgets, re-forecasts, and capital planning
- Provide monthly variance analysis of financial statements
- Support external reporting with accurate and timely financial information
- Create ad hoc finance reports as requested
- Maintain relationships with employees in other departments to fully understand actuals
- Prepares special financial reports by collecting, analyzing, and summarizing trends

Key Skills and Traits

- Bachelor's degree in Finance, Accounting, or other Business related field required
- 2-5+ years of financial analysis experience
- Strong accounting, finance, financial modeling, and analytical abilities
- Fundamental understanding of valuation theory, methodologies, and applications
- Ability to work through and develop key assumptions, limitations, and variables
- Qualitative and quantitative research and analytical abilities
- Independent thinker and resourceful problem solver driven to succeed
- Possess the ability to work independently and also hit deadlines
- Strong work ethic, organizational skills, and ability to multitask

Ideal Candidates May Also Have

- Manufacturing and cost accounting experience
- Related industry experience
- MBA, Masters, or an advanced degree
